

MELROSE AVENUE WIDE SIDEWALK PROJECT

PROJECT UPDATE NO. 2

June 24, 2010

We have worked with Johnson County Refuse on a plan for garbage/recycling collection for those along the north side of Melrose Avenue:

1. Beginning with the first garbage pick-up day in July (Tuesday, July 6), and continuing until further notice, Johnson County Refuse will collect garbage and recycling for **ALL** residents along the north side of Melrose Avenue, between Sunset Street and Golfview Drive, at **6:00 AM**. This is a half-hour earlier than normal for these residents.

2. The following properties along Melrose Avenue are affected:

#1124
#1128
#1132
#1138
#1144
#1202
#1208
#1212
#1218
#1222
#1232
#1236
#1244
#1250

3. Residents of Birkdale Court are **NOT** affected by this time change.

4. If construction has disturbed the area in front of the house, residents should bring garbage and recycling as far down the driveway as available. If no construction activity, place in the normal location.

5. This schedule will be in effect until construction is complete through these areas. Notification will be provided when collection times are returned to normal.

Again, we look forward to working with you on this project. Please let us know if we can answer any questions regarding the garbage/recycling pick-up or other issues that come up.

Thanks,

Brian Willham, PE, PTOE
